Sustainable & Eco-conscious**
Made in Denmark

A healthy glow

Delivering a healthy, vibrant glow while hydrating and strengthening the skin microbiome and barrier, ReGlow Serum is a versatile three-in-one product packed with natural ingredients. Pre- and probiotic stimulating, powerful peptides enhance your natural beauty, leaving skin with a delicate and dewy shine and wonderfully smooth.

Balance and boost your skin microbiome

Rebiome ReGlow provides day-long hydration and protection for improved skin elasticity. Fensebiome™ peptide stimulates natural probiotic activity and hardworking antioxidants including olive squalane and natural amino acids prep and prime the skin. Containing a natural alternative to silicone, it also has a subtle, fresh fragrance.

Easy use

Apply 3-5 drops on a clean face and leave on.
For daily use. All skin types.

Test

Instrumental test study concluded that REGLOW/GLOW SERUM 30 ML:

- moisturizes the skin (average 23%) after 8 hours from application,
- moisturizes the skin (average 7%) after 24 hours from application,
- moisturizes the skin (average 15%) after 28 days of regular use.

Balanced healthy skin

Reboot your skin to its natural, healthy balance with our microbiome-friendly formula.

Powerful ingredients

Dermatologica tested high-quality actives, natural ingredients with unrivaled pre- and probiotic stimulating effects.

Eco-conscious

Nature-friendly, supporting a sustainable lifestyle for greener living. 100% Vegan and Cruelty-free.

Simplicity in choice

Skincare for all skin conditions, skin types, ages, or genders. Easy-to-use and multifunctional. Authentic, high-end beautiful skincare products at affordable prices.

*100% natural preservatives. Free of harmful chemicals. Silicone-free (replaced by natural oils) and no allergens in the formula from the 26 known fragrance allergens declared by EU to avoid. Natural vegetable replacement for silicone. Our DHHB filter in our sunscreen qualifies for EU UVA-PF/SPF recommendation and is considered ocean and coral-reef protective sunscreen filters.

** Choosing Rebiome skincare, you make a positive difference protecting your skin – and our planet. You help support our environment reducing carbon footprint.

#2 ReGlow – Face Serum

Powerful Key ingredients with multipurpose properties

Key ingredients	Description
Vegetable alternative to silicone 6%	Plantsil is our alternative to silicone. The vegetable-based softening oil derived from olives has excellent spreadability. Its silky texture has a long-lasting, satin-soft effect on skin.
Crambe Abyssinica Seed Oil dosage 3%	A powerful peptide with a prebiotic approach and probiotic effect. Stimulates the skin's natural probiotic activity, boosting its defenses by favouring beneficial bacteria that improve skin immune response and physical barrier integrity. The unique microbiome-stimulating active helps to rebalance skin health for optimal wellbeing.
Natural Olive Squalane 3%	A highly nutritional and active oil known for its strong antioxidant effects that help protect the skin against sunlight, it absorbs both toxins and heavy metals to protect against environmental stressors. Squalane also moisturises and softens the skin.
Fensebiome™ Amino Acid Peptide 1%	A powerful peptide with a prebiotic approach and probiotic effect. Stimulates the skin's natural probiotic activity, boosting its defences by favouring beneficial bacteria that improve skin immune response and physical barrier integrity. The unique microbiome-stimulating active helps to rebalance skin health for optimal wellbeing.
Quora Noni Plant Active 1%	A superior and powerful microbiome bioactive that protect and balance the skin, along with prevention of skin barrier disruption; active pore size reduction; regulation of sebum and skin imperfections including oily, acne-prone skin conditions.
Sensia Carota from Orange Carrot Roots 1%	A glycerin-based soothing and anti-irritant ingredient derived from <i>Daucus Carota Sativa</i> root (orange carrot roots) stem cells, the plant cell cultures of Sensia Carota ensure multi-active benefits against daily environmental and chemical aggressors and age-defying protection against inflammation. Particularly suitable for hypersensitive and intolerant skin, it is an active with prebiotic stimulating effect to support the skin's natural microbiota.
Natural Extracts from Chicory Roots 1%	Pre- and probiotic skin microbiome-friendly extracts derived from the root of the chicory plant. A strong stimulant with a prebiotic approach and probiotic effect, it supports the growth of lactobacilli and blocks the invasion of e.g. fungi, boosting the anti-microbial effect and strengthening the skin's microbiota barrier.
Glycoin 0,5%	<i>Myrothamnus flabellifolia</i> is commonly known as the resurrection plant for its ability to quickly revive dead leaves when exposed to water, it contains anti-aging, anti-inflammatory, cell-boosting, energising, vitalising and nourishing properties which positively effect the skin microbiome.
High efficacy Acetyl Tetrapeptide-5 0,5%	A potent, high-efficacy amino acid peptide, it reduces dark circles and puffiness around the eyes. 99% natural according to ISO 16128. Formulated explicitly for the eye area.
Natural Vitamin E 0,5%	With natural antioxidant effects and derived from natural sources, vitamin E is regarded as the most important skin-protective vitamin, helping to ensure skin is soft and smooth while reducing irritation.
